

Writing in college can be a mystery.

How is writing in college different from high school? What does the professor really want? How do I begin? How can I avoid late-night writing marathons? If only someone who knows the academic world could help you manage your college writing!

Dr. Matt's Gutsy Guide to Writing in College solves the mysteries of how to succeed with your college writing. This all-in-one guide reveals the myths around college writing and how to leverage your brain and body for maximum writing efficiency. It shows you how to find what your professor is looking for and the secrets to improving your writing and getting great grades.

Written for recent high school grads, adults returning to college, and first-generation university students, this guide covers it all. Writing in college may start out as a mystery, but Dr. Matt's Gutsy Guide to Writing in College will walk you through it all.

Praise for *Writing in College*

"I spent a pleasant weekend afternoon reading the book, taking notes, and doing the exercises according to each chapter's prompt. I wish I had this book in college—it would have made my life so much easier." - Tara

"What a fantastic read! As someone who continues to write in my career today, this provided me several reminders of how to get in the right head space to tackle a story. I enjoyed Matt's personality shining through in this helpful read. It definitely would've helped me as a freshman in college. Highly recommend!" - Janet

Dr. Matt Friesen, has been a student for most of his life and has taught thousands of students in large and small universities. His government and not-for-profit experience helps students think about today's grades and tomorrow's career. His scholarship, humor, and support for first generation students creates a practical, challenging (and occasionally snarky) guide for succeeding with college writing. Find his books and other resources at www.gutsycollege.com.
